• The Extended Collective Licensing & Kopiosto
  Majlis Bremer-Laamanen
COMELLUS-project

• Why digitise e-born files from paperprints?

• Permanent preservation – paper degrades, microfilm sustains

• Access to old and new newspapers from one server
Work to do

• Deals with publishers and software house
• Digitise the history of the partner newspapers
• Software for automatic delivery of the print files
• Software for automatic metadata collection
• Enrich the digital material (DocWorks?)
Benefits

• Logical structure and metadata along with the physical pages
• No need for laborious OCR error correction
• No need for manual article structure construction
• No delay from deposit to online access
